Hi Dana,

I left you a voicemail on this but figured I would also send this email. We had previously gotten a similar and somewhat overlapping set of questions from Mathy via Jim Woolford and Doug Ammon. Doug had explained to Ray Basso that OSWER staff were asked to answer those questions (i.e., not Region 2 staff). I'll be on annual leave Feb. 10-12; in my absence perhaps you can call Ray at 212-637-4417 to let him know whether and how you would like us to answer these questions. (It may be better, in some cases, for us to answer orally rather than in writing, though we can do either or both).

-Walter

Lisa / Walter / all,

Attached is a list of what we consider to be some of the key questions related to the Passaic River site. You will see the questions are separated into general categories. Many of these questions are interrelated, and many may have already been answered in various forms. We look forward to further discussions on these questions in our upcoming meetings.

Please let me or others here know if you have any questions. Thanks - Dana
